January 15, 1934

Evans Woollen, Jr.,
City Controller,
City of Indianapolis.

Dear Sir:

The total amount of the Building Department budget for 1934 necessitates the elimination of one Building Inspector. Business in the Building Department, beginning January 1st, shows some increase and also shows that the force should remain as it is.

In view of these facts, the Board thinks it advisable to make a readjustment of the salaries in that department and keep the man who would have been eliminated under the 1934 budget, leaving the total budget exactly as it was but retain the man we anticipated would have to be dropped. This change is agreeable with the men effected. The Board recommends this arrangement. An ordinance has been prepared covering this situation.

Very truly yours,

BOARD OF PUBLIC SAFETY,
By C. R. Myers, President.

Mr. Evans Woollen, Jr., Controller,

Dear Sir:

The Board of Public Works requests that you cause to be prepared an ordinance transferring the sum of $3,000.00 from the unappropriated anticipated balance in the General Fund for 1934, or from the balance in the General Fund for 1933, into Public Buildings No. 41.

For your information I desire to advise that the Common Council did pass a transfer ordinance in December, 1933, appropriating the sum of $5,500.00 into this account. This was occasioned by the C. W. A. program and was necessary for payment of certain materials for the repairs and remodelling of the Municipal Garage, City Hall Building and Tomlinson Hall. These repairs were absolutely necessary and the Board of Public Works was desirous of utilizing the labor furnished by the C. W. A.

Out of the original $5,500.00 so appropriated there is a balance remaining of approximately $3,900.00 and we are now asking that the sum of $3,000.00 be transferred to this account to complete the work started on these three buildings in 1933.

Will you kindly present the same to the Common Council at the next meeting, with the recommendation of the Board of Public Works that the same be passed.

Yours very truly,

January 27, 1934.

Mayor Sullivan, City Council and Board of Works,
Indianapolis, Indiana.

Honorable Mayor, Gentlemen:

Due to increased activities and the resulting larger personnel required to conduct the business of the Marion County Civil Works Administration, it has been found necessary to move to larger quarters at 237 N. Pennsylvania Street, effective January 29. This location has been selected because the building was obtained rent-free and because of its proximity to the City Hall.

We wish to express our sincere thanks to you and all other officials of the City of Indianapolis for the fine accommodations and the generous assistance at the City Hall, made available at no little inconvenience to yourselves. The unselfish and co-operative spirit shown by you men is in large measure responsible for the progress of the Civil Works program in Indianapolis and Marion County.

We deem it a privilege to be of service to you and shall continue our efforts to promote the best interests of this community in the offices to which we have been assigned.

Respectfully yours,
D. DITZENBERGER,
Certifying Officer.
H. M. DIRKS,
Disbursing Officer.
MARION COUNTY CIVIL WORKS ADMINISTRATION.

Section 2. The City Controller shall, as soon as possible after the passage of this ordinance, advertise for bids or proposals for said

bonds by at least one (1) insertion each week for two (2) consecutive weeks, in two (2) daily newspapers of opposite political faith, of general circulation, printed and published in the English language, in the City of Indianapolis, Marion County, Indiana, as required and authorized by law; and may otherwise advertise for such bids or proposals as he may deem advisable. Such advertisements shall describe with such minuteness and particularity as the said City Controller shall see fit and shall set forth the amount of said bonds to be sold and that the bidder shall bid upon the rate of interest to be paid upon said bonds, the bonds to be awarded to the bidder bidding the lowest rate of interest thereon; that the bidder may bid for all or any part of said bonds; the date of opening bids or proposals therefor; the right of the City Controller to reject any or all bids; the amount of deposit each bidder will be required to make and when and where the bonds shall be delivered and paid for.

Section 3. Each and every bid and proposal shall be presented to the City Controller sealed, and shall be accompanied by a duly certified or cashier's check upon some responsible bank or trust company of the City of Indianapolis, Indiana, payable to the order of the City Treasurer, for a sum of money which shall be equal to two and one-half percent (2½%) of the face or par value of the bonds bid for or proposed to be purchased. The City Controller shall continue to receive all bids or proposals thereafter at the office of the City Controller until eleven o'clock a. m. on the day fixed by the City Controller and designated in the advertisement for receiving bids or proposals, at which time and place and between the said hour and twelve o'clock noon of said day he shall open said bids or proposals. The City Controller shall award said bonds, or as he shall see fit, a part or any number thereof, to the highest and best bidder, who shall in this event be the bidder who shall bid the lowest rate of interest upon said bonds, and said City Controller shall have the right to reject any or all such bids or proposals or any part thereof and shall have the right to accept any part of any bid and to award upon any bid the whole or a less number of bonds covered by such bid, he being the sole judge of the sufficiency or insufficiency of any kind, except that he shall not award such bonds to any bidder bidding a rate of interest upon said bonds more than four and three-fourths percent (4¾%) per annum thereon. He may also, in his judgment and discretion, award a part of said bonds to one bidder and a part to another. These provisions shall apply to the case of reoffering and readvertising said bonds as hereinafter provided.

Section 4. In case the City Controller shall reject all bids submitted, or if he shall award only a part of said bids, he shall re-

advertise the bonds remaining unsold in the manner herein prescribed for the original advertisement, and in such readvertisement he is authorized and directed to fix the date and the time both of receiving and opening bids or proposals, and for purchasers to take up and pay for the bonds which may be awarded, and he shall continue from time to time in like manner to readvertise said bonds for sale until said bonds are sold.

Section 5. In case any bid or proposal shall not be accepted and there shall be no award of bonds thereon by the City Controller, he shall thereupon return to such unsuccessful bidder the certified or cashier's check accompanying the same. If the City Controller shall award the whole or any part of the bonds upon any bid or proposal, he shall thereupon deliver the certified or cashier's check accompanying the same to the City Treasurer, who shall thereupon present the same for payment and shall be entitled to collect the same and shall hold the proceeds collected thereon until the completion of the purchase and the payment for the bonds so awarded. If, for any reason, said check shall not be paid upon presentation, such non-payment shall be taken and deemed a breach of contract for purchase of said bonds upon the part of the purchaser, and the city, in that event, shall have the right to readvertise said bonds for sale at once and shall have the right to collect the same for its own use, and said check and proceeds thereof, when collected, shall be taken and deemed as agreed and liquidated damages for such breach of contract and for payment thereof to the city.

In case any successful bidder shall fail to complete the purchase price of the bonds so awarded an to pay for the same within the time and manner herein required, or which may be prescribed by the City Controller as herein provided, the proceeds of such certified or cashier's check deposited by such bidder shall be taken, considered and deemed as agreed and liquidated damages for breach of such bidder's contract to purchase and shall be taken and deemed as a payment to the city for such damages and shall be retained and held by said city for its use; but if such successful bidder shall complete the purchase of said bonds awarded to him pursuant to the provisions hereof and his bid and award thereon, said proceeds of said certified or cashier's check shall thereupon be returned to such bidder, or, at the option of the City Controller, at the time of the completion of the sale and payment of the bonds, said proceeds of said certified or cashier's check may be applied and deemed a payment on account of the purchase of said bonds.

Section 6. Delivery of any bonds shall be made at the office of the City Treasurer of the City of Indianapolis, Indiana, upon such

day or days as may be specified in the advertisement or readvertisement, or within such time thereafter as may be fixed by the City Controller, and the purchaser or purchasers and the City Controller may extend the time for such delivery not more than ten (10) days after the day or days specified or agreed upon as above provided, and the successful bidder or bidders shall take the bonds awarded to him or them, and pay for the same at such place and time, and his or their refusal or neglect or omission to do so shall be a breach of the contract of his or their bid or proposal on account of which damages shall be retained or recovered as liquidated, as provided in this ordinance.

Section 7. The bonds taken and paid for to the satisfaction of the City Controller shall be a binding obligation of the City of Indianapolis according to their tenor and effect, and the proceeds derived from the sale or sales or both as herein authorized shall be and are hereby appropriated to the Department of Law for the payment of judgment claims, interest and costs thereon, hereinbefore set out, and shall constitute and continue appropriations until all of said designated claims, interests and costs have been paid.

Section 8. The Mayor, City Controller and Corporation Counsel are hereby authorized and directed to publish notices of the herein determination to issue bonds as required by law.

Section 9. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis:

Gentlemen:

I have this day approved with my signature and delivered to Henry O. Goett, City Clerk, the following ordinances:

ORDINANCE No. 13, 1934.
City of Indianapolis.

AN ORDINANCE to regulate and to license solicitations for charitable, patriotic, religious or philanthropic purposes in the City of Indianapolis, Indiana, providing for the creation and functioning of a Charity Solicitations Commission, designating a time when it shall become effective, and providing a penalty.

February
Eighth,
1934.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis:

I am returning herewith, without my signature,

GENERAL ORDINANCE No. 102, 1933, Entitled,

"AN ORDINANCE defining alcoholic beverages, prohibiting the sale or offer for sale of false or mislabeled alcoholic beverages, providing a penalty for the violation thereof and fixing a time when the same shall take effect."

Section 2 would make it unlawful to sell any alcoholic beverages unless the bottle or container bears a label specifying certain facts and, in the case of beer, if grain other than malted barley and hops is used, then it would be unlawful to sell the same unless such label contains the words "imitation beer" and specifies the ingredients used.

I have made some inquiry as to the ingredients used in beer manufactured in the United States and find that much of it contains rice or brewers' grits in addition to malted barley and hops. Such beer is not an imitation beer and it would be misleading and unjust, in my opinion, to so label it.

I have made further inquiry into the activities of the United States Government upon the subject of labels, and find that the federal code authority has already adopted a resolution dealing with the labeling of the contents of bottled beer and that in all probability, in a short time, the Government of the United States will issue a regulation governing beer labels.

I also find that the Federal Alcohol Control Committee issued, yesterday morning, liquor regulations covering whiskey and labels and that, effective Feb. 10, 1934, the U. S. Internal Revenue Department will require a federal stamp upon every bottle of blended whiskeys, brandies, rum, gins, cordials and liquers, alcohol in pints and other distilled spirits. One who violates the government regulations may be prosecuted in federal court and these regulations will be uniform throughout the United States.

Respectfully yours,

REGINALD H. SULLIVAN,
Mayor.

COMMUNICATIONS FROM CITY OFFICIALS

May 21, 1934

To the Honorable President and
Members of the Common Council
of the City of Indianapolis:

Gentlemen:

Attached you will find a copy of a letter from the Mayor of the City of Indianapolis, wherein he has determined that a contingency has arisen requiring the expenditure of a part of the appropriation in the Mayor's Contingency Fund, being Fund No. 26 of the Department of Finance, Office of the Controller, in the sum of $250.00, to employ impartial experts to assist in the preparation of a new electric light and power contract with revised and appropriate specifications, for which purpose there was no available funds appropriaed for such specific use.

I recommend that the sum of $250.00 be set aside and made available out of said Mayor's Contingent Fund for the purposes aforesaid, to be paid by my warrants. I certify that said Fund contains more than sufficient money to pay said amount.

This will notify you of such determination on the part of the Mayor and my approval thereof.

Yours very truly,

EVANS WOOLLEN, Jr.
City Controller.

May 22, 1934

Mr. Evans Woollen, Jr.,
City Controller,
Indianapolis, Indiana.

Dear Sir:

The city, through the board of public works, is required by statute to publish a notice at least once a year prior to the termination of the contract for the supply of electric light and power to the city inviting bids upon a new contract and to have ready proper specifications and form of such contract for submission to bidders. The present contract for that service expires May 1, 1935, and the required notices aforesaid have been duly given. In view of the necessity of making material revisions in the specifications for the new bids and contract and for the proper safeguarding of the public interests, it is necessary to obtain the assistance of impartial experts on such matters to cooperate with the city civil engineer and the board of public works and since there are no available funds appropriated for that specific purpose, I have determined that a contingency has arisen requiring the expenditure of a part of the appropriation reserved for contingencies in Fund No. 26 in the Department of Finance, Office of City Controller, and for that purpose I recommend the appropriation of $250.00 for payment of all such services to such special experts who may be employed by the board of public works.

I hereby request that if the aforesaid funds are available in said contingent fund that you certify to such fact and approve such expenditures and notify the Common Council in writing thereof.

Very truly yours,

R. H. SULLIVAN,
Mayor.

May 16, 1934

Evans Woollen, Jr.,
City Controller,
City of Indianapolis.

Dear Sir:

The following written opinion has been rendered by the Legal Department relative to the case of Marion T. Harrison, city fireman:

"In view of the judgment rendered by Judge Cox reinstating Mr. Harrison as a member of the department to his status as existing prior to September 12, 1933, "with all the rights accruing to him thereunder according to law," I am of the opinion that he should be paid his salary from the date of his suspension if not already paid. His accrued salary for 1934 may be paid out of the 1934 budget. In order to pay the salary accrued and unpaid for 1933, it may be necessary to have the council appropriate this amount."

The unpaid salary from September 12, 1933 to December 31, 1933 at $1,789.09 per year, amounts to $536.43. We respectfully submit for your consideration the matter of an appropriation ordinance to cover this amount.

Very truly yours,

BOARD OF PUBLIC SAFETY,
(Signed) Walter O. Lewis,
Executive Secretary.

Mr. Wheatley asked for a recess. The motion was made and seconded by Mr. Welch and the Council recessed at 7:35 P. M.

The Council reconvened from its recess at 7:45 P. M. with the same members present as before.

Dear Sir:

We find that Fund No. 41—Building Materials—Fire Deparement budget has been overdrawn in connection with the repairs and overhauling of fire stations. It will be necessary to reimburse this fund and we are asking that an ordinance be prepared transferring $2,500.00 from Fund No. 11—First and Second Grade Substitutes, and $1,000.00 from Fund No. 11—First Grade Privates, and reappropriate these

amounts to Fire Department Fund No. 41—Building Materials.

August 6, 1934

To the Honorable President and
Members of the Common Council
of the City of Indianapolis:

Gentlemen:

Attached herewith find copies of an ordinance entitled "An Ordinance Amending Section 1 of General Ordinance No. 43, 1934, as amended, and fixing a time when the same shall take effect."

When General Ordinance No. 43, 1934 was before the Council at the last regular meeting certain amendments were suggested, among them one to prohibit the sale of alcoholic beverages and to prohibit entertainment in places where alcoholic beverages are sold between the hours of one A. M. and two P. M. on Sundays. It appears that through an oversight Section 1 of General Ordinance No. 43, 1934 was not amended, although Section 2, which prohibits music and entertainment, was amended. The attached ordinance amends Section 1 so as to put into effect the amendments contemplated by the Common Council.

Very truly yours,

JAMES E. DEERY,
City Attorney.

August,
20th,
1934.

To the Honorable President and
Members of the Common Council
of the City of Indianapolis.

Gentlemen:

I have, this day, the honor of submitting to Your Honorable Body, pursuant to the statutes of the State of Indiana, the proposed budget of the departments of government of the City of Indianapolis for the year 1935 together with the proposed tax levies of the general

fund and each separate fund, and also the budget of the estimated receipts from the special street fund to be derived from the gasoline fund, all of which is hereto attached and which has been transmitted by and with the recommendation of the Hon. Evans Woollen, Jr., City Controller, as required by law.

The financial position of the city has improved within the year and the improvement may be attributed to the three causes enumerated in the Controller's letter to the Mayor and for the additional reason that our City Controller has given to the City careful and painstaking effort which has produced results.

In your consideration of the budget, I assure you that the services of the Controller, Board Members, Department Heads and myself are at your disposal. We will be glad to appear before you and give you all the information we possess.

Respectfully,

R. H. SULLIVAN,
Mayor.

COMMUNICATIONS FROM CITY OFFICIALS.

August 20, 1934

Hon. Reginald H. Sullivan, Mayor, and
Members of the Common Council of the
City of Indianapolis, Indiana.

Gentlemen:

Pursuant to Section 10,306, Burns Revised Statutes of 1926, there are submitted herewith and recommended the budget estimates for the year 1935. The financial position of the city has improved within the year, and the improvement may be attributed to three causes.

First and most important, large collections by the County Treasurer of delinquent property taxes, when added to current collections have produced revenues about even with estimates upon which the 1934 budget was based. Second, revenues from the liquor tax have exceeded our estimates in a substantial amount. This excess revenue has been conserved in the General Fund balance and is available for the relief of the tax levy in the coming year. Third, the city is operating within its current budget, with the prospect of some saving which is like wise available in reducing the 1935 levy. A system of monthly control established at the first of the year shows the city within the allotment for the first semester.

The total appropriation recommended for 1935 is $6,870,538.39, compared with $6,960,539.04 in the currently operated budget. This is a reduction of $90,000.65. The amount recommended to be raised by the tax levy is $5,722,844.03 as compared with $6,227,413.50 in the currently operated budget. This is a reduction of $504,569.47. Factors in the reduction of the tax levy amount are:

1. Reduction in appropriations	$ 90,000.65
2. Increase in estimate of special taxes (Liquor tax estimate furnished by State Board of Accounts.)	162,953.94
3. Increase in utilization of balances	260,116.03
Gross Total	513,070.62
Less decrease in estimate of miscellaneous revenue	8,501.15
Total reduction in tax levy amount	504,569.47

The tax levies are computed on a valuation of $504,984,500.00 as certified by the County Auditor. This compares with the valuation a year ago of $511,162,710.00. In computing the levy, allowance is made for 4% delinquency.

The bank and building and loan taxes are estimated on a basis of current collections which have fallen about 10% below our estimate of last year.

Revenues from the gasoline taxes are estimated at $482,977.67 as compared with $400,485.46 last year. This fund is restricted in its use by statute and is separately budgeted. It can be used in the coming year as receipts justify.

We have changed the caption on the fourth column of the "Means of Financing" table in the budget from "Excise Tax Receipts" to "Special Tax Receipts." The figures in this column now include three kinds of anticipated revenue: (1) liquor tax; (2) bank and bulding and loan tax; (3) moratorium tax (this being the returns from the funding under the statute of unpaid taxes of 1931).

Below are the tax rates recommended for the various funds. It will be noted that the total rate of $1.18 compares with a rate $1.31 adopted a year ago. Also it will be noted that there is no levy for the Airport. An accumulated balance and the expectation of operating revenues justify the ommission of a tax for one year.

General Fund	$.6221
City Sinking Fund	.0862
Flood Prevention Sinking Fund	.029
World War Memorial Bond Fund	.0226
Police Pension Fund	.015

Respectfully submitted,

EVANS WOOLLEN, Jr.
City Controller.

4. FORCE LABOR. Provided, however, that if prices in the bids are excessive, the First Party reserves the right, anything in this Agreement to the contrary notwithstanding, to apply to the Second Party for permission to do all or any part of the Project by day labor, upon such conditions as the Second Party may impose, with the understanding that all provisions in this Agreement, including those relating to labor, wages, hours and recruitment, shall be observed.

INTRODUCTION OF SPECIAL ORDINANCES

By Board of Public Works:

SPECIAL ORDINANCE No. 4, 1934

AN ORDINANCE authorizing the sale and conveyance of certain real estate owned by the City of Indianapolis, and approving ratifying and validating all action heretofore or hereafter taken relating thereto, and fixing a time when the same shall take effect.

WHEREAS, the Common Council on October 16, 1933, duly passed Special Ordinance No. 4, 1933, thereafter approved by the Mayor, authorizing the sale and conveyance of certain real estate owned by the City of Indianapolis, and by inadvertance the description of the particular land authorized to be sold was erroneous, although embracing within the description all but a small portion of the land intended to be described, and said ordinance also, by inadvertance, authorized such sale to be made by the Board of Public Works instead of by the Mayor, as required by law, and generally and for cash, instead of pursuant to the agreement hereinafter set out; and

WHEREAS, the particular parcels of land intended to be described in said ordinance and then understood and intended by said Common Council to be included in the general description set out in said ordinance, and to be sold in accordance with such agreement, are the parcels located in Indianapolis, Marion County, Indiana, and now particularly described as follows:

WHEREAS, pursuant to the authority then intended to be conferred by the aforesaid ordinance, said city filed its petition on November 6, 1933, in the Marion Circuit Court, Cause No. 3805, asking the appointment of three appraisers to appraise the land as the same was originally described in said ordinance, and such appraisers were appointed; but upon discovering the error in said description said city, on December 6, 1933, filed its amended petition for the appointment of three appraisers to appraise such real estate and therein correctly described all said real estate, as the same is hereinabove described; and thereupon the court duly appointed as such appraisers, Noble C. Hilgenberg, Charles J. Van Tassel and Robert M. Collier, who thereupon subscribed to the oath required by law and having duly appraised the fair value of each of said parcels of real estate, such plot "A" being appraised at $278.46, and such plot "B" at $244.65, their verified report of such appraisal was filed with and duly approved by said court on December 12, 1933, all as provided by law; and

WHEREAS, the land herein described and at all times intended to be sold by said city consists of certain portions formerly

embraced in New York Street and Dorman Street, heretofore vacated by the Board of Public Works under the resolutions refered to in said original ordinance and which reverted to said city as an abutting owner of Highland Park, and also of a small triangular parcel which was formerly embraced in said Highland Park, but cut off therefrom by the relocation of New York Street; and all such parcels of land included in said plots "A" and "B" now lie northwest of the property line of the newly routed New York Street, as the same has been now relocated and constructed, partly across said Highland Park, and by reason of the title of such parcels of land being in the city, the property of two owners, named Six and Seíbert, whose lands formerly abutted along the north side of said New York Street and the north end of Dorman Street, is now wholly, as to said Six, and in part, as to said Seibert, cut off from access to such newly relocated New York Street and by reason thereof they claim to have suffered material damage in the value of their property and were not compensated therefor in such vacation proceedings, and also that they are not subject to assessment for any costs of any improvements of such relocated street where the same does not now abut on property owned by them, but that all such assessments should be solely against the city; and they claim that the amount of their respected damages greatly exceeds the aforesaid respective appraised values of the city's real estate, and have intended to file suit for such damages; but such owners are willing to offset, compromise and waive such claims and all actions for damages in consideration of and on the condition that the respective parcels of real estate now abutting their property be conveyed to them respectively by the city by warranty deeds, subject to easements for all sewers now thereunder, and on the following terms: as to said Six, or his or their assigns, said city shall also assume and pay all assessments against the land so conveyed for the construction of pavement, curbs and sidewalks in the improvement of such relocated New York Street, except all assessments for street intersections which said Six shall assume and pay, in cash or by installments upon waivers therefor, and said city shall pay said Six the sum of Nine Hundred Twenty-four and Eighty-nine Hundredths Dollars ($924.89) cash, and construct one approach sidewalk from New York Street to the buildings on said premises, as the balance in full of all damages due in said settlement; and as to said Seibert, or his or their assigns, said city shall also construct, or assume and pay all costs or assessments for the constructon of the sidewalk along New York Street as now located and the cost for two approach walks

therefrom to the houses now on such owner's property and the cost of grading such property to conform the same to the new street grade, as the balance in full of all damages due in said settlement, and said Seibert agrees to pay all assessments now a lien on his property for the construction of pavement and curbs, and streets intersection charges, or private extras, in the improvement of said New York Street; and such proposed settlement has been approved by the Board of Public Works, subject to the ratification thereof by the Common Council; and

WHEREAS, it appears to be for the best interests of said city to accept said proposed compromise settlement and that the probable damages suffered by such property owners at least equals the aforesaid appraised value of all such real estate, together with the additional costs to said city involved in such settlement, and that such real estate is no longer needed by said city; NOW, THEREFORE,

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF INDIANAPOLIS. INDIANA:

SECTION 1. That the aforesaid preamble is hereby adopted as a part of this section, by this reference thereto, and all the facts and matters therein set out and referred to and all action heretofore or to be hereafter taken by any officers or boards of said City of Indianapolis, either in the premises or in the completion of such compromise settlement and the making of such conveyances of real estate, as herein set out, together with such other and additional acts incidental thereto as may be necessary, are in all things hereby authorized, approved, ratified and confirmed; and all action heretofore taken by any officers, or boards, pursuant to said original ordinance and in the premises, is hereby approved, legalized and validated.

November 3, 1934

Mr. James E. Deery,
City Attorney,
Department of Law,
Indianapolis, Indiana.

Dear Sir:

A comparison this day made by me of engrossed General Ordinance No. 56, 1934, passed by the Common Council on September 3, 1934, approved by the Mayor on September 4, 1934, and now on file in my office, with the copy of said ordinance as the same appears in the printed copy of the Journal of Proceedings of the Common Council of the City of Indianapolis, of the meeting held on August 20, 1934, disclosed that there is an error in the copy of said ordinance as the same appears in the printed copy of the Journal, in this, to-wit:

The figures "$150" in Item 5-51, Insurance and Premiums, under the heading "Sewage Disposal," as the same appears on page 344, of the printed copy of the Journal, is incorrect, and the correct amount as shown by the engrossed copy of said General Ordinance No. 56, 1934, as passed by the Common Council and approved by the Mayor is and should be $3,369.01.

I would therefore respectfully ask that the Department of Law prepare and present to the Common Council at its regular meeting to be held on November 5, 1934, a motion to correct the Journal in accordance with the facts as above set forth.

Respectfully submitted,

HENRY O. GOETT,
City Clerk.

SOCIALIST PARTY OF MARION COUNTY
INDIANAPOLIS, INDIANA
RESOLUTION

We, the members of the County Central Committee of the Socialist Party, having noted the efforts of the Indianapolis Power and Light Company to arrange for a new contract for lighting the public highways, and noting the bids of the company, as higher than the cost of the preceding contract, protest the making of any contract upon the terms as proposed by the Indianapolis Power and Light Company.

We propose and urge that the City Council hold an open hearing to determine the cost of erecting a municipally owned electric plant, and the cost of the services, compared to the private contract price.

We urge that the City Council delay all action on effecting a new contract so that full consideration of the question may be possible.

EDW. HENRY,
Chairman.

for the purchase of fifteen new radio equipped Police cars for the Indianapolis Police Department.

These bids were duly advertised according to law and opened before the Board of Public Safety at 10:00 A. M., November 27, 1934.

On account of all manufacturers having their new models in process of manufacture, and there being no models available at this time, the selection of the automobile will be held in abeyance until at such time that new 1935 models are available for inspection.

We are asking for the appropriation of $7,856.25 so that in case Plymouth cars are selected for replacement, the committee can proceed with the purchase of these automobiles without delay.

INTRODUCTION OF RESOLUTIONS.

RESOLUTION No. 3, 1934

To Members of the Common Council of the City of Indianapolis, Ind.:

WHEREAS: The Indianapolis Star has so frequently made favorable comment through its editorial columns regarding the efficiency and harmonious conduct of the Common Council of the City of Indianapolis of 1930-1935 and

WHEREAS, The Indianapolis Star in its issue of December 19th, 1934 has again thought it expedient to make another and final editorial comment, which is now and herein quoted as follows:

(Taken from The Indianapolis Star of Wednesday, December 19th, 1934)

COUNCILMANIC HARMONY.

The city fathers, otherwise known as members of the Council, are strong-willed men. They began by insisting on harmony several years ago and they have been demanding and getting it ever since. So adept have the members become in applying the social amenities to municipal business that the sessions became almost barren of what the reporters term "Good Copy." In place of that bristling "short and ugly word" which makes pencils fly, it was always the retort courteous. Political lines were eroded by the incessant ripples of good will. Even the Christmas spirit offers little novelty to these councilmen, since peace has had an unbroken reign in the chamber throughout the term.

The members not only maintained this serenity among themselves, but extended its benediction to other purlieus of the City Hall. They refused to quarrel with Mayor Sullivan or climb to a high dudgeon over real or alleged shortcomings of Henry C. Goett, the city clerk. Even the most sedate bridge club can produce an occasional shower of sparks and a meeting of some peace society may require an emergency

summons for the ambulance. But the city dads stubbornly persisted in their imperturbable serenity. So monotonous was the continuous round of polite palaver that Mr. Goett was able to catalogue the composite of nine councilmen with nothing but a single thought. Even a technicality alibi was ready when a few vetoes emanated from the Mayor's sanctum.

It's an ill wind, of course, that blows nobody good. While the reporters were gnashing their teeth and biting fingernails because no roundhouse swings ever were substituted for the roundtable fellowship, the taxpayers had little cause for complaint. The council and other administration departments have established an unusual record for harmonious conduct of the city's business. The first year the members apparently were somewhat dazed over such rare conditions, but gradually it dawned upon them that ordinances conld be considered, passed or rejected without a riot. Once that conclusion was reached, every session has been opened and closed with a pax vobiscum. It is a splendid record which entitles the city councilmen to the community's congratulations. The public can only hope that this fine example will commend itself to the newcomers, who shortly will assume the task of municipal legislation.

BE IT RESOLVED, by the Common Council of the City of Indianapolis:

Section 1. That the Common Council of said City of Indianapolis hereby wishes The Indianapolis Star to know that it most heartily appreciates their kindly and considerate public expression for the activities of this body.

Secton 2. That the City Clerk be, and he hereby is, instructed to send a copy of this resolution to the Management of The Indianapolis Star.

Respectfully,

Ernest C Ropkey

President, Common Council, City of Indianapolis.
